

CCSA's Issues of Substance 2025

Posters at a Glance

Notes: Authors whose names are in bold are presenting authors. CCSA publishes this information as received and in the language in which we receive it when it was submitted for consideration to present at the conference.

The Continuum of Care: Promoting Health, Reducing Harms, Supporting Recovery

1. Mentoring with a Rural Lens

Candice Sutterfield, Lakeland Centre for Fetal Alcohol Spectrum Disorder

2. Peer Navigators: Paving the Way

Chelsea Carr, CUPS Calgary

Amy Leung, CUPS Calgary

Sofia Soto, CUPS Calgary

3. Empowering Girls' Voices: Reducing Substance Use and Enhancing Mental Health Support in Southern New Brunswick High Schools

Brittany Ewart, Sophia Recovery Centre

Laura Schneeberger, Sophia Recovery Centre

Kathleen Varty, Sophia Recovery Centre

Julie Atkinson, Sophia Recovery Centre

4. Peer Support as a Practice: Improving Client Engagement and Treatment Outcomes Workshop

Lindsay Civiero, Canadian Certified Peer Support Specialist, Independent Peer Support Specialist, Lived Experience Educator

5. Comparative Effectiveness of Missed Dose Protocols of Opioid Agonist Treatment in British Columbia, Canada: A Target Trial Emulation with Population-Based Administrative Data

Momenul Haque Mondol, University of British Columbia

Jeong Eun Min, Centre for Health Evaluation and Outcome Sciences

Megan Kurz, Centre for Advancing Health Outcomes

Michelle Zanette, Centre for Advancing Health Outcomes

Belal Hossain, University of British Columbia

Paxton Bach, British Columbia Centre on Substance Use

Paul Gustafson, Department of Statistics, University of British Columbia

Eugenia Socías, British Columbia Centre on Substance Use

Bohdan Nosyk, Centre for Health Evaluation and Outcome Sciences

Mohammad Ehsanul Karim, School of Population and Public Health, University of British Columbia

6. Buprenorphine-XR (Sublocade) in High-Risk Individuals with Extreme Opioid Tolerance: Three Case Studies

Imran Ghauri, Virtual Opioid Dependency Program — Recovery Alberta, CORE
Lindsey Davis, Virtual Opioid Dependency Program
J Stryder ZoBell, Virtual Opioid Dependency Program

7. Reducing the Harms of Cannabis Use in Youth Post-Legalization: Insights from Ontario Youth, Parents and Service Providers

Toula Kourgiantakis, University of Laval
Angie Hamilton, Families for Addiction Recovery

8. Perinatal Substance Use Education: Interdisciplinary, Interactive and Inspired by Research

Kristen Gulbransen, Red Deer Polytech
Ivy Parsons, Recovery Alberta

9. Hip Hip Hooray! Redesigning Orders to Keep Opioid Risks at Bay in Joint Surgery

Leland Sommer, Saskatchewan Health Authority

10. Understanding Youth Substance Use: Teachers' Perspectives on Biopsychosocial Influences and Support Strategies

Kathryn Dalton, Memorial University of Newfoundland
Jennifer Donnan, Memorial University of Newfoundland
Greg Harris, Memorial University of Newfoundland
Lisa Bishop, Memorial University of Newfoundland

11. Addressing Prenatal Cannabis Use: Intervention Strategies Across Professional Specializations

José Ignacio Nazif-Muñoz, Addictions Services, University of Sherbrooke

Supports for People Who Use Substances

12. Point de vue des personnes présentant un trouble concomitant sur les services offerts à leur membre de l'entourage

Karine Gaudreault, University of Sherbrooke
Joël Tremblay, University of Quebec in Trois-Rivières
Mélicca Côté, University of Laval
Francine Ferland, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches
Christophe Huynh, University Institute on Addictions
Nadine Blanchette-Martin, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches
Didier Jutras-Aswad, University of Montreal's Affiliated Hospital Research Centre
Kim Laflamme, University of Sherbrooke
Sacha Ghadiri, High Commercial Studies — University of Montreal
Josianne Bolduc, University of Sherbrooke

13. Point de vue des membres de l'entourage quant à l'utilisation du concept de la proche aide en contexte de dépendance

Mélissa Côté, University of Laval

Audrey-Anne Dumais Michaud, University of Laval

Chantal Plourde, University of Quebec in Trois-Rivières

Toula Kourgiantakis, University of Laval

Karine Gaudreault, University of Sherbrooke

Joël Tremblay, University of Quebec in Trois-Rivières

Francine Ferland, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches

Nadine Blanchette-Martin, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches

Myriam Laventure, University of Sherbrooke

Noémie Roussel, University of Laval

Alexis Beaulieu-Thibodeau, University Institute on Addictions

14. Beyond the Struggle: Partnering with Caregivers to Revitalize Youth Treatment

Jennifer Bingley, Pine River Institute

Amanda Ragazzon, Pine River Institute

15. Cannabis as a Component of Alcohol Harm Reduction Programs: Implementation Models and Challenges

Beatriz Scandiuizi, Canadian Institute for Substance Use Research, University of Victoria

Bernadette Pauly, Canadian Institute for Substance Use Research, University of Victoria

Jennifer Cartwright, University of Victoria

Jennifer Robinson, University of Victoria

Aaron Bailey, University of Victoria

Sybil Goulet-Stock, University of Victoria

Tim Stockwell, Canadian Institute for Substance Use Research, University of Victoria

16. La dépendance à la télévision arrive-t-elle seule ou en concomitance avec d'autres types d'utilisation des écrans?

Francine Ferland, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches

Nadine Blanchette-Martin, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches

Joël Tremblay, University of Quebec in Trois-Rivières

Stéphane Turcotte, Integrated University Health and Social Services Centre of Chaudière-Appalaches

Anne-Frédérique Turcotte, Integrated University Health and Social Services Centre of Chaudière-Appalaches

17. Developing Acceptable and Feasible Peer Support Models of Care for Opioid Agonist Treatment in British Columbia

Michelle Zanette, Centre for Advancing Health Outcomes

Alexa Norton, University of British Columbia

Micah Piske, Centre for Health Evaluation & Outcome Sciences
Brittany Barker, First Nations Health Authority
Elizabeth Snow, Providence Health Care
Bohdan Nosyk, Faculty of Health Sciences, Simon Fraser University

Emerging Trends and New or Priority Issues

18. Cannabis and Driving: A Repeat Cross-sectional Analysis of Driving after Cannabis Use Pre vs. Post Legalization of Recreational Cannabis in Canada

Ava Kucera, University of Waterloo

19. How Do Canadians Feel about Cannabis Regulatory Policies? Levels of Support and Consumer Perceptions of Cannabis Regulations in Canada

Anastasia Marquette, University of Waterloo
David Hammond, University of Waterloo

20. Understanding the Factors that Contribute to Cannabis Use in Pregnancy and Chest Feeding: A Scoping Review

Justine Renard, Canadian Centre on Substance Use and Addiction
Aaliyah St. Denis, King's University College
Morgan Anderson, Western University
Stephanie Morrow, King's University College
Laura Rosen, King's University College
Tala Tayem, Western University

21. Cannabis Use During Pregnancy and Chest Feeding: Understanding Perceptions, Behaviours, Knowledge Gaps and Public Health Implications

Justine Renard, Canadian Centre on Substance Use and Addiction
Laura Rosen, King's University College

22. The Impact of Availability of Alcohol on Police, Emergency and Health Services in Northwestern Health Unit Catchment Area

Randi Casey, Northwestern Health Unit
Kit Young Hoon, Northwestern Health Unit
Dorian Lunny, Northwestern Health Unit

23. Estimating the Economic Burden of Premature Mortality Attributable to Substance Use in Canada, 2017–2023

Anat Ziv, Canadian Centre on Substance Use and Addiction
Tim Stockwell, Canadian Institute for Substance Use Research, University of Victoria
Pam Kent, Canadian Centre on Substance Use and Addiction
Adam Sherk, Canadian Centre on Substance Use and Addiction
Chandni Sondagar, Canadian Centre on Substance Use and Addiction
Raadiya Malam, Canadian Centre on Substance Use and Addiction
Aisha Giwa, Canadian Centre on Substance Use and Addiction
Keegan Lawrence, Canadian Institute for Substance Use Research
Jinhui Zhao, University of Victoria, Canadian Institute for Substance Use Research

24. National Polling Results on the Substance Use Health and Gambling Use of Canadians

Sheldon Mellis, Mental Health Research Canada

25. Consommation de substances psychoactives des élèves du sport-études au Québec : Influences de l'identité de genre sur les profils de consommation et la satisfaction face aux services

Kassandra Laroche, University of Sherbrooke

Sarah Fillion-Bilodeau, University of Sherbrooke

Unique Considerations for Equity-Deserving Populations

26. The Demographic, Socio-economic, Health and Substance Use Factors Associated with Smoking Cigarettes Among Adults in Canada

Ryan Iverson, Health Canada

Gabriella Luongo, Health Canada

Gillian Williams, Health Canada

David Mills, Health Canada

27. Youth Cannabis Use in Canada Post-Legalization: Recommendations from Youth, Parents and Service Providers

Toula Kourgiantakis, University of Laval

Angie Hamilton, Families for Addiction Recovery

28. Substance Abuse Treatment Services for the Underserved — Justice-Involved Youth with Fetal Alcohol Syndrome Disorder

Leah Sholdra, Starfish Program

Susan Maxwell, Shared Health — Mental Health and Addictions

29. Influences on Perinatal Alcohol Use

Nancy Poole, Centre of Excellence for Women's Health

Lindsay Wolfson, Centre of Excellence for Women's Health

Ella Huber, Centre of Excellence for Women's Health

30. Evaluation of a Vaping Prevention Program Among Youth Aged 11–12 in Prince Edward Island

Julia Hartley, Lung Association of Nova Scotia and PEI

Myles Davidson, Lung Alliance of Nova Scotia and PEI

Jennifer O'Brien, Lung Alliance of Nova Scotia and PEI

31. Developing a Personalized Assessment Tool with Youth and for Youth

Marcella Ogenchuk, College of Nursing, University of Saskatchewan

32. Building Relationships, Not Walls; The Role Harm Reduction Plays in Youth Homes

Monica Stoneham, Prairie Harm Reduction

33. Exploring the Literature: Preliminary Results from an Intersectional Scoping Review About the Healthcare Experiences of Women Who Use Drugs

Marjan Kekanovich, Queen's University
Danielle Macdonald, Queen's University
Susan A. Bartels, Queen's University
Jacqueline Galica, Queen's University

34. Transforming University Culture: Implementing Harm Reduction, Trauma-Informed Approaches and Restorative Practices to Support First-Year Students

Laara Richardson, St. Francis Xavier University
Brandon Randall, St. Francis Xavier University
Justine Simpson, St. Francis Xavier University

35. Party and Play: Emerging Trends in Substance Use and Sexual Health Interventions

Andrew Thomas, PnP Project
Shane Richard, Independent

Indigenous Approaches to Healing

36. Supporting First Nations–Led Solutions to the Toxic Drug Supply Crisis through Systems and Journey Mapping

Lisa Elford, Habitus Collective
Rita Henderson, University of Calgary
Jessica Annan, University of Calgary
Nadia Ansari, Habitus
Tanner Short, Habitus

Stigma and Discrimination

37. The Weight of Stigma: Examining the Impact of Addiction-Related Prejudice on Public Perceptions of Illicit Substance Decriminalization in Canada

Emma Summersby, Saint Mary's University
Meg Ternes, Saint Mary's University

38. Experiences of Stigma and Opioid Prescribing for People with Opioid Use Disorder Requiring Palliative Care: A Multi-Setting Qualitative Study

Lisa Boucher, Bruyère Health Research Institute
Jenny Lau, Princess Margaret Cancer Centre — University Health Network
Rebecca Bagnarol, Princess Margaret Cancer Centre — University Health Network
Kyle Drouillard, Bruyère Health Research Institute
Tara Gomes, Unity Health Toronto
Tieghan Killackey, York University
Camilla Zimmermann, Princess Margaret Cancer Centre — University Health Network
Sheila Jennings, University Health Network
Sarina Isenberg, Bruyère Health Research Institute

39. The Power of Words: Dispelling Stigma

Mélissa Joseph, Canadian Centre on Substance Use and Addiction

40. The Framing of Substance Use as a Moral Failure and Its Impact on Service Access in Saskatoon, SK: A Qualitative Study

Maggie Coupland, University of Saskatchewan

Michael Szafron, University of Saskatchewan, School of Public Health

Barbara Fornssler, University of Saskatchewan, School of Public Health

41. Unmeasurable Outcomes: Concentricity of Knowledge Mobilization

Joanne Marshall-Forgie, ENSEMBLE Greater/Grand Moncton

42. Examining Factors Related to Cannabis Consumers Perceptions of Healthcare Provider Stigma

Ashley Hosker-Field, Humber Polytechnic

Jennifer Donnan, Memorial University of Newfoundland

Lisa Bishop, Memorial University of Newfoundland

Kelsey Westall, Humber College

Kati Whelan, Memorial University of Newfoundland

Isobel McMahon, Memorial University of Newfoundland

Marilyn Creswell, Humber College Institute of Technology and Advanced Learning

Sandra Gerges, Humber College

Daniel Bear, Humber Polytechnic

43. Stigmatization and Harm Reduction Services: Frontline Worker Perspective and Literature Insights — A First Step Toward Better Understanding How to Improve Service Trajectories

Camille Sabella-Garnier, Sherbrooke University

44. Behind the Screen: An Analysis of Stigmatizing Substance-Related Discussions on Canadian Subreddits

Tanisse Epp, Canadian Addictions Peer Support Association, Carleton University

Kim Hellemans, Carleton University

45. Faculty/Staff Experiences of Disclosure, Stigma and Finding Community

Isaac Wright, University of Calgary

Victoria Burns, Recovery on Campus Alberta, University of Calgary Recovery Community

Including People Who Use Substances in Building Capacity and Promoting Health

46. Leading Change for Social Justice in Quebec, Canada: The Fundamental Role Played by People with Lived and Living Experience of Substance Use Working in Harm Reduction Organizations

Antoine Bertrand-Deschênes, University of Montreal

Guillaume Tremblay, PROFAN 2.0

47. Peer Navigators: Paving the Way

Chelsea Carr, CUPS Calgary

Amy Leung, CUPS Calgary

Sofia Soto, CUPS Calgary

48. "Ease up on us a little": Barriers to Syphilis Testing Among Un(der)housed Individuals and People Who Use Drugs in Kingston, Ontario

Duy Dinh, Department of Public Health Sciences, Queen's University

Lucy Mackrell, Department of Public Health Sciences, Queen's University

Megan Carter, South East Health Unit

Mary Southall, South East Health Unit

Patrick Sanderson, South East Health Unit

Maggie Hoover, Student Wellness Services, Queen's University

Sahar Saeed, Department of Public Health Sciences, Queen's University

49. The Role of Drug Houses in the Lives of People Who Use Drugs: A Scoping Review and Narrative Analysis

Maryellen Gibson, University of Saskatchewan

Policy and System-Level Innovation, Challenges and Opportunities

50. Findings from the 2023 Harm Reduction Client Survey Related to British Columbia's Decriminalization Policy

O. Kara Loewen, Public Health Agency of Canada — Centre for Emergency Preparedness

Mieke Fraser, British Columbia Centre for Disease Control

Lisa Liu, British Columbia Centre for Disease Control

Chloé Xavier, British Columbia Centre for Disease Control

Katie Fajber, British Columbia Centre for Disease Control

Brooke Kinniburgh, British Columbia Centre for Disease Control

Alexis Crabtree, School of Population and Public Health, University of British Columbia

51. Antipsychotic Use Patterns and Associated Factors in Substance-Induced Psychosis

Jeyaniroshan Jeyapalan, University of Turku, Finland

52. Municipal Innovations in Data-Driven Drug Poisoning Deployment

Chelsey Anseeuw, City of Edmonton

Alyssa Miller, Streetworks / Boyle Street Community Services

53. Adapting Supervised Consumption Services for People Who Use Drugs in Acute Care Hospital Settings in Nova Scotia: Protocol for the Safe Harbours Study

Thomas Brothers, Dalhousie University and Nova Scotia Health

54. Utilizing Social Return on Investment evaluation in a Supervised Consumption Site

Linzi Williamson, University of Saskatchewan

Evan Poncelet, University of Saskatchewan
Barbara Fornssler, University of Saskatchewan, School of Public Health
Maryellen Gibson, University of Saskatchewan
Maggie Coupland, University of Saskatchewan
James Dixon, University of Saskatchewan

55. A Substance Use Health Lens in Thunder Bay

Stephanie Diebolt, Thunder Bay District Health Unit
Sheena Albanese, Thunder Bay District Health Unit
Ashleigh Hyland, Canadian Addictions Peer Support Association

56. Benzodiazepine Problem Representations in American Policy Developments

Jennifer Chouinard, Johnson Shoyama Graduate School of Public Policy, University of Regina
University of Saskatchewan

57. Antipsychotic Use Patterns and Associated Factors in Substance-Induced Psychosis: Insights from a Nationwide Register-Linkage Study

Jeyaniroshan Jeyapalan, University of Turku, Finland

58. Successes and Learnings in Delivering Hepatitis C Treatment to the Sidelined 2% of Citizens

Jason Alternberg, Dr. Peter Centre
Kristie Josette Clark, Dr. Peter Centre
Rosalind Baltzer Turje, Dr. Peter Centre

59. Le paradoxe français dans la crise des surdoses montre l'importance de mettre en œuvre des réponses adaptées au contexte socioculturel local

Guillaume Tremblay, PROFAN 2.0

60. Putting the Capital in Recovery Capital: Exploring the Potential Impacts of a Canadian Universal Basic Income for People Who Use Drugs

Maryellen Gibson, University of Saskatchewan

61. Policy Making in Times of Crisis: The Multiple Implementations of BC's Safer Supply Intervention

Daniel Gudiño, Canadian Institute for Substance Use Research
Bernadette Pauly, School of Nursing — University of Victoria, Canadian Institute for Substance Use Research
Celeste Macevicius, Canadian Institute for Substance Use Research
Gillian Kolla, Canadian Institute for Substance Use Research
Karen Urbanoski, University of Victoria
Brittany Barker, First Nations Health Authority
Bohdan Nosyk, Centre for Health Evaluation and Outcome Sciences
Amanda Slaunwhite, British Columbia Centre for Disease Control
Bruce Wallace, University of Victoria, School of Social Work
Jaime Arredondo, Canadian Institute for Substance Use Research

62. Developing Clinical Care Pathways for Substance Use and Gambling Disorders in Public Mental Health Care

Heather Durdle, Nova Scotia Health
Christian Hahn, Nova Scotia Health
Julie MacDonald, Nova Scotia Health

63. Building a Harm Reduction Policy from Scratch for Nova Scotia Health

Janelle Comeau, Nova Scotia Health

64. Non-judicialisation de la possession de drogues au Québec

Julie-Soleil Meeson, Quebec Association of Addiction Workers
Sandhia Vadlamudy, Quebec Association of Addiction Workers

65. Making National Consensus Guidelines Locally Relevant: A Multidisciplinary Approach

Chera Clements, Nova Scotia Health
Julie Kaplan, Nova Scotia Health, Mental Health and Addictions Program

66. Lessons Learned from Medico-Legal Cases: Ways to Improve Care and Outcomes for Opioids Use Disorder

Gary Garber, Canadian Medical Protective Association
Qian Yang, Canadian Medical Protective Association
Jun Ji, Canadian Medical Protective Association
Laura Payant, Canadian Medical Protective Association
Kate Barbosa, Canadian Medical Protective Association

67. Impact of Canada's *Cannabis Act* on Drug- and Alcohol-Related Collisions in Quebec: An Interrupted Time-Series Analysis of Five Major Cities

José Ignacio Nazif-Muñoz, Addiction Services, University of Sherbrooke

68. Training Mental Health and Addictions Clinicians in the Treatment of Substance Use and Gambling Disorders

Heather Durdle, Nova Scotia Health
Jacquie Cohen, Nova Scotia Health
Christian Hahn, Nova Scotia Health

69. Reprioritizing Tobacco Cessation Access in Northwest Territories Communities

Adetoyeke Adedipe, Government of Northwest Territories
Kandola Kami, Government of Northwest Territories
Samantha Thomas, Government of Northwest Territories

70. Examining Outcomes of a Three-Month Cell Phone Use Pilot in the Provincial Inpatient Withdrawal Management Unit in Prince Edward Island

Amanda Hudson, Health PEI
Sarah Doak, Health PEI
Paul Lamano, Health PEI

Leslie Warren, Health PEI

Mattie Aitken, Health PEI

Innovative Approaches to Delivering Care

71. The Role of the Human–Canine Bond in Recovery from Substance Use Disorder: A Scoping Review and Narrative Synthesis

Colleen Dell, University of Saskatchewan

Brynn Kosteniuk, University of Saskatchewan

Carolyn Doi, University of Saskatchewan

Courtney Townsend, University of Saskatchewan

Alexis Cook, University of Saskatchewan

Darlene Chalmers, University of Regina

Peter Butt, University of Saskatchewan

72. Identifying Key Service Elements, Assessing Barriers to Use, and Evaluating the Appropriateness of Overdose Response Hotlines and Applications

Monty Ghosh, University of Alberta / University of Calgary

Nathan Rider, University of Calgary

Dylan Viste, University of Calgary

Boogyung Seo, University of Calgary

Avnit Dhanoa, University of Alberta

Maria Vasquez, University of Calgary

73. Alberta's Virtual Opioid Dependency Program: Remodelling Opioid Agonist Treatment Virtually, through Partnerships and Innovation

Lindsey Davis, Virtual Opioid Dependency Program

Imran Ghauri, Virtual Opioid Dependency Program — Recovery Alberta, CORE

J Stryder ZoBell, Virtual Opioid Dependency Program

Nathaniel Day, Alberta Health Services

74. Virtual Youth Substance Use Interventions: A Scoping Review of Literature

Geoffrey Maina, University of Saskatchewan

Abukari Kwame, University of Saskatchewan

Barbara Twum-Antwi, University of Saskatchewan

Aimable Nkurunziza, Nipissing University

75. Reducing Cannabis Use in Individuals with First Episode Psychosis and Cannabis Use Disorder Using iCanChange, an App-Based Psychological Intervention: Pilot Trial Feasibility Outcomes

Selim Abou-Rahal, University of Montreal's Affiliated Hospital Research Centre

Ovidiu Tatar, Research Center, University of Montreal Hospital Centre

Abdel-Baki Amal, Research Center, University of Montreal Hospital Centre

José Côté, University of Montreal's Affiliated Hospital Research Centre

David Crockford, Department of Psychiatry, University of Calgary

Sophie L'Heureux, Notre-Dame des Victoires Clinic, University Institute of Mental Health,

Integrated University Centre for Care and Social Services of the National Capital Area

Tania Lecomte, Research Center of the University Institute of Mental Health of Montreal
Marc-André Roy, Notre-Dame des Victoires Clinic, University Institute on Mental Health,
National Capital Area Integrated University Centre for Health and Social Services
Philip Tibbo, Dalhousie University
Didier Jutras-Aswad, University of Montreal's Affiliated Hospital Research Centre

76. The Use of Measurement-Based Care in a Concurrent Mood, Anxiety and Addictions Treatment Program: A Review of Program-Level and National Outcomes

Emily Rossi, Homewood Health Inc
Sarah Ahmed, Homewood Health Inc
Robert Waterman, Homewood Health Inc
Vineeta Raman, Homewood Health Centre
Shannon Remers, Homewood Health Inc

77. Exploring Virtual Solutions for Substance Use Treatment: Accessibility, Benefits and Excellence

Crystal Bell, Edgewood Health Network Canada

78. The Masks We Wear: A unique Art Therapy Approach as Part of a Holistic Treatment for Youth with Addiction and Mental Health Issues

Jennifer Bingley, Pine River Institute
Karin Archer, Pine River Institute
Anne Tong, Pine River Institute
Andrew Whiteman, Pine River Institute

79. Transforming Health Care Access: Empowering Vulnerable Populations through Collaborative Care

Chase O'Halloran, The Adventure Group

Local Innovations in Community-Level Programming

80. Catalyst: Community-Level Treatment for Crystal Methamphetamine Use Disorder and Beyond

Laurie Barkun, Street Health Centre — Kingston Community Health Centres
Meaghan O'Connor, Providence Care
Christina Moeys, Addictions and Mental Health — Kingston, Frontenac, Lennox and Addington and Street Health Centre — Kingston Community Health Centres
Sarah den Ouden, Street Health Centre — Kingston Community Health Centres

81. Beyond Safe Equipment: A Harm Reduction Educational Program

Amanda Moore, Direction 180

82. Adapting the Parent Café Model to Support Youth Substance Use Prevention

Jennifer Donnan, Memorial University of Newfoundland
Lisa Bishop, Memorial University of Newfoundland
Robyn Cumben, Memorial University of Newfoundland and Labrador

83. A Peer Support Centric Model for Program Delivery at a Women's Recovery Centre

Aisha Kindred, Sophia Recovery Centre
Laura Schneeberger, Sophia Recovery Centre
Kathleen Varty, Sophia Recovery Centre
Julie Atkinson, Sophia Recovery Centre Inc

84. Il faut un village : approche collective pour implanter des programmes de prévention en matière de substances psychoactives en milieu scolaire

Marie Claude Sauvé, Cumulus
Emmanuelle Prairie, Montreal's Public Health Department
Coté Priscillia, Marguerite-Bourgeoys School Service Centre

85. Scaling Up Overdose Prevention Strategies in Montreal

André-Anne Parent, University of Montreal
Kevin Fournier, University of Montreal
Antoine Bertrand-Deschênes, University of Montreal

86. Tourne pas en rond — jeu d'évasion sur le cycle de l'assuétude

Carine Verreault, Jonathan's House
Lydia Lefebvre Fortin, Jonathan's House

87. Reunification Is Harm Reduction: Role of Harm Reduction Supports to Return Children in Care Home

Kayla DeMong, Prairie Harm Reduction

88. New Mental Health Services on Reserve with Crisis Services — Allyship Model

Krishna Balachandra, Recovery Alberta
Andrew Volk, University of Alberta

Mental Health and Substance Use

89. Comment des personnes ayant à la fois un problème de consommation de substance et ayant été victime d'un acte criminel expliquent le début de leur consommation

Francine Ferland, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches
Nadine Blanchette-Martin, Integrated University Health and Social Services Centre of the National Capital Area / Chaudière-Appalaches
Chantal Plourde, University of Quebec in Trois-Rivières
Annie-Claude Savard, University of Laval
Catherine Rossi, University of Laval

90. On the Nature of Functional and Neurocognitive Recovery in Substance Use Disorder

Tyler Brown, University of Toronto
Konstantine Zakzanis, University of Toronto

Seth Fletcher, Canadian Centre for Addictions
Martin David, Canadian Centre for Addictions

91. Undiagnosed Symptoms of Depression among Residents of an Inner City, Low-Income Neighbourhood in Vancouver and Relation to the Use of Psychoactive Substances

Riya Sharma, British Columbia Centre for Excellence
David Moore, British Columbia Centre for Excellence in HIV/AIDS
Kate Salters, British Columbia Centre for Excellence in HIV/AIDS
Julio Montaner, British Columbia Centre for Excellence in HIV/AIDS
Antonio Marante, British Columbia Centre for Excellence in HIV/AIDS
Wendy Zhang, British Columbia Centre for Excellence in HIV/AIDS
Jason Trigg, British Columbia Centre for Excellence in HIV/AIDS
Cole Stanley, British Columbia Centre for Excellence in HIV/AIDS
Surita Parashar, British Columbia Centre for Excellence in HIV/AIDS
Rebecca Parry, British Columbia Centre for Excellence in HIV/AIDS

92. What Is the Ideal Time to Begin Tapering Opioid Agonist Treatment? A Retrospective Population-Based Comparative Effectiveness Study in British Columbia, Canada

Mia Yan, Center for Advancing Health Outcomes
Jeong Eun Min, Centre for Advancing Health Outcomes
Megan Kurz, Centre for Advancing Health Outcomes
Bohdan Nosyk, Faculty of Health Sciences, Simon Fraser University

93. Mode Matters: Exploring the Acute Health Effects of Cannabis by Mode of Use

Rachael MacDonald-Spracklin, Bruyère Health Research Institute
Kara Thompson, St. Francis Xavier University
Darien DeWolf, St. Francis Xavier University

94. Pathways to Quality Care: A Collaborative Conversation

Nitika Chunilall, Mental Health Commission of Canada

95. A Scoping Review of the Biopsychosocial and Structural Factors Contributing to Youth Substance Use Initiation

Jennifer Donnan, Memorial University of Newfoundland
Kathryn Dalton, Memorial University of Newfoundland
Michelle Swab, Memorial University of Newfoundland
Lisa Bishop, Memorial University of Newfoundland

96. Education Impact on Health Care Providers Attitudes, Knowledge and Beliefs Related to Perinatal Substance Use

Kristen Gulbransen, Red Deer Polytech
Ivy Parsons, Recovery Alberta

97. High Risk, Low Help: Addressing Help-Seeking Barriers Among Young Men Who Use Cannabis

Madison Hunt, Carleton University
Jordyn Norton, Carleton University
Matthew Reid, Carleton University
Joshua Greenberg, Carleton University
Zachary Patterson, Carleton University
Kim Hellemans, Carleton University

98. Chronic Disease Diagnoses and Health Service Use among People Who Died of Illicit Drug Toxicity in British Columbia, Canada

Beth Haywood, Island Health, British Columbia Centre for Disease Control
Hu Kevin, British Columbia Centre for Disease Control
Roshni Desai, British Columbia Centre for Disease Control
Chloe Xavier, British Columbia Centre for Disease Control
Jessica Xavier, British Columbia Centre for Disease Control, University of British Columbia
Alexis Crabtree, School of Population and Public Health, University of British Columbia
Heather Palis, University of British Columbia

99. L'évolution des besoins des membres de l'entourage: Perspectives de l'entourage de personnes présentant un trouble psychotique et un trouble lié à l'usage de substances

Kim Laflamme, University of Sherbrooke
Karine Gaudreault, University of Sherbrooke

100. Advancing a Coordinated Pathway to Child and Youth Mental Health and Substance Use Health Care

Amanda Davis, The Knowledge Institute on Child and Youth Mental Health and Addictions
Gabrielle Lucente, The Knowledge Institute on Child and Youth Mental Health and Addictions
Poppy DesClouds, The Knowledge Institute on Child and Youth Mental Health and Addictions

101. Cannabis Use and Problematic Internet use in Quebec (Canada): A Cross-Sectional Study

Natalia Muñoz Gómez, University of Sherbrooke
Nathalie Carrier, University of Sherbrooke
Didier Jutras-Aswad, University of Montreal's Affiliated Hospital Research Centre
Andrée-Anne Légaré, University of Sherbrooke
Adèle Morvannou, University of Sherbrooke
Eva Monson, University of Sherbrooke
Julie-Christine Cotton, University of Sherbrooke
Anders Håkansson, Lund University
Virginie Parent, Integrated University Health and Social Services Centre of Estrie, Sherbrooke
University Hospital Centre
Catherine Hudon, University of Sherbrooke
Magaly Brodeur, University of Sherbrooke

102. Adolescent Academic Performance Associated with Cannabis Use: Is It Drug Use or Other Life Factors?

Candice Crocker, Dalhousie University
Nicole Ponto, Dalhousie University
Philip Tibbo, Dalhousie University

103. National Trauma and Violence-Informed Mentorship Project: Results and Lessons Learned

Jason Alternberg, Dr. Peter Centre
Rosalind Baltzer Turje, Dr. Peter Centre
Kim Ritchie, Dr. Peter Centre
Nadine Favics, Dr. Peter Centre
Mike Wong, Dr. Peter Centre
Cherese Reemaul, Dr. Peter Centre
Patrick Smith, Dr. Peter Centre

104. Comparative Effectiveness of Alternative Initial Doses of Opioid Agonist Treatment for Individuals with Opioid Use Disorder: A Target Trial Emulation Using Linked Health Administrative Data in British Columbia, Canada

Mia Yan, Center for Advancing Health Outcomes
Md. Belal Hossain, University of British Columbia
Jeong Eun Min, Centre for Advancing Health Outcomes
Megan Kurz, Centre for Advancing Health Outcomes
Keara Smith, Centre for Advancing Health Outcomes
Bohdan Nosyk, Faculty of Health Sciences, Simon Fraser University

105. Talking About Suicide: Empowering Healthcare Providers, Instilling Hope in Clients

Jennifer Jeffery, Mental Health Commission of Canada

About CCSA

CCSA was created by Parliament to provide national leadership to address substance use in Canada. A trusted counsel, we provide national guidance to decision makers by harnessing the power of research, curating knowledge and bringing together diverse perspectives.

CCSA activities and products are made possible through a financial contribution from Health Canada. The views of CCSA do not necessarily represent the views of Health Canada.
