P8: Undiagnosed Symptoms of Depression among Residents of an Inner City, Low-Income Neighbourhood in Vancouver and Relation to the Use of Psychoactive Substances

Riya Sharma, British Columbia Centre for Excellence

P9: Peer Support as a Practice: Improving Client Engagement and Treatment Outcomes Workshop

Lindsay Civiero, Canadian Certified Peer Support Specialist, Independent Peer Support Specialist, Lived Experience Educator

P10: Reducing Cannabis Use in Individuals with First Episode Psychosis and Cannabis Use Disorder Using iCanChange, an App-Based Psychological Intervention: Pilot Trial Feasibility Outcomes

Selim Abou-Rahal, University of Montreal's Affiliated Hospital Research Centre

P11: Understanding Youth Substance Use: Teachers' Perspectives on Biopsychosocial Influences and Support Strategies

Kathryn Dalton, Memorial University of Newfoundland

P12: Examining Factors Related to Cannabis Consumers Perceptions of Healthcare Provider Stigma

Ashley Hosker-Field, Humber Polytechnic

Tuesday, November 18, 2025

Poster Viewing 6 (3–3:30 p.m.)

P1: Building Relationships, Not Walls; The Role Harm Reduction Plays in Youth Homes

Monica Stoneham, Prairie Harm Reduction

P2: Policy Making in Times of Crisis: The Multiple Implementations of BC's Safer Supply Intervention

Daniel Gudiño, Canadian Institute for Substance Use Research

P3: The Use of Measurement-Based Care in a Concurrent Mood, Anxiety and Addictions Treatment Program: A Review of Program-Level and National Outcomes

Emily Rossi, Homewood Health Inc

P4: Exploring the Literature: Preliminary Results from an Intersectional Scoping Review About the Healthcare Experiences of Women Who Use Drugs

Marjan Kekanovich, Queen's University

P5: Tourne pas en rond — jeu d'évasion sur le cycle de l'assuétude

Carine Verreault, Jonathan's House

P6: Exploring Virtual Solutions for Substance Use Treatment: Accessibility, Benefits and Excellence

Crystal Bell, Edgewood Health Network Canada

P7: Advancing a Coordinated Pathway to Child and Youth Mental Health and Substance Use Health Care

Amanda Davis, The Knowledge Institute on Child and Youth Mental Health and Addictions

P8: Cannabis Use and Problematic Internet use in Quebec (Canada): A Cross-Sectional Study

Natalia Muñoz Gómez, University of Sherbrooke

P9: Reducing the Harms of Cannabis Use in Youth Post-Legalization: Insights from Ontario Youth, Parents and Service Providers

Toula Kourgiantakis, Laval University

P10: Perinatal Substance Use Education: Interdisciplinary, Interactive and Inspired by Research

Kristen Gulbransen, Red Deer Polytech

P11: National Polling Results on the Substance Use Health and Gambling Use of Canadians

Sheldon Mellis, Mental Health Research Canada

P12: Adapting the Parent Café Model to Support Youth Substance Use Prevention

Jennifer Donnan, Memorial University of Newfoundland

Wednesday, November 19, 2025

Poster Viewing 7 (10:30–11 a.m.)

P1: Il faut un village : approche collective pour implanter des programmes de prévention en matière de substances psychoactives en milieu scolaire

Marie-Claude Sauvé, Cumulus

P2: Addressing Prenatal Cannabis Use: Intervention Strategies Across Professional Specializations

José Ignacio Nazif-Muñoz, Addictions Services, University of Sherbrooke

P3: Developing Acceptable and Feasible Peer Support Models of Care for Opioid Agonist Treatment in British Columbia

Michelle Zanette, Centre for Advancing Health Outcomes

P4: Lessons Learned from Medico-Legal Cases: Ways to Improve Care and Outcomes for Opioids Use Disorder

Gary Garber, Canadian Medical Protective Association

P5: Reunification Is Harm Reduction: Role of Harm Reduction Supports to Return Children in Care Home

Kayla DeMong, Prairie Harm Reduction

P6: Transforming Health Care Access: Empowering Vulnerable Populations through Collaborative Care

Chase O'Halloran, The Adventure Group

P7: A Substance Use Health Lens in Thunder Bay

Stephanie Diebolt, Thunder Bay District Health Unit

P8: Training Mental Health and Addictions Clinicians in the Treatment of Substance Use and Gambling Disorders

Heather Durdle, Nova Scotia Health

P9: Adolescent Academic Performance Associated with Cannabis Use: Is It Drug Use or Other Life Factors?

Candice Crocker, Dalhousie University

P10: Putting the Capital in Recovery Capital: Exploring the Potential Impacts of a Canadian Universal Basic Income for People Who Use Drugs

Maryellen Gibson, University of Saskatchewan

Wednesday, November 19, 2025

Poster Viewing 8 (1–1:30 p.m.)

P1: Le paradoxe français dans la crise des surdoses montre l'importance de mettre en œuvre des réponses adaptées au contexte socioculturel local

Guillaume Tremblay, PROFAN 2.0

P2: Transforming University Culture: Implementing Harm Reduction, Trauma-Informed Approaches and Restorative Practices

to Support First-Year Students

Laara Richardson, St. Francis Xavier University

P3: “Ease up on us a little”: Barriers to Syphilis Testing Among Un(der)housed Individuals and People Who Use Drugs in Kingston, Ontario

Duy Dinh, Department of Public Health Sciences, Queen's University

P4: Behind the Screen: An Analysis of Stigmatizing Substance-Related Discussions on Canadian Subreddits

Tanisse Epp, Canadian Addictions Peer Support Association, Carleton University

P5: New Mental Health Services on Reserve with Crisis Services — Allyship Model

Krishna Balachandra, Recovery Alberta

P6: Developing Clinical Care Pathways for Substance Use and Gambling Disorders in Public Mental Health Care

Heather Durdle, Nova Scotia Health

P7: Stigmatization and Harm Reduction Services: Frontline Worker Perspective and Literature Insights — A First Step Toward Better Understanding How to Improve Service Trajectories

Camille Sabella-Garnier, Sherbrooke University

P8: Reprioritizing Tobacco Cessation Access in Northwest Territories Communities

Adetoyeke Adedipe, Government of Northwest Territories

P9: National Trauma and Violence-Informed Mentorship Project: Results and Lessons Learned

Jason Alternberg, Dr. Peter Centre

P10: Beyond the Struggle: Partnering with Caregivers to Revitalize Youth Treatment

Jennifer Bingley, Pine River Institute

P11: Utilizing Social Return on Investment Evaluation in a Supervised Consumption Site

Linzi Williamson, University of Saskatchewan

Wednesday, November 19, 2025

Poster Viewing 9 (2:30–3 p.m.)

P1: Consommation de substances psychoactives des élèves du sport-études au Québec : Influences de l'identité de genre sur les profils de consommation et la satisfaction face aux services

Kassandra Laroche, University of Sherbrooke

P2: Party and Play: Emerging Trends in Substance Use and Sexual Health Interventions

Andrew Thomas, PnP Project

P3: The Role of Drug Houses in the Lives of People Who Use Drugs: A Scoping Review and Narrative Analysis

Maryellen Gibson, University of Saskatchewan

P4: Faculty/Staff Experiences of Disclosure, Stigma and Finding Community

Isaac Wright, University of Calgary
