

Horaire de consultation des affiches électroniques Questions de substance 2025 du CCDUS

Les affiches seront présentées dans l'ordre indiqué ci-dessous, pour chaque séance de consultation. À noter que le code précédant le titre de l'affiche (p. ex. P1, P2) indique le kiosque sur lequel l'affiche sera présentée.

À noter que les personnes dont le nom est en gras sont les présentateurs. Le CCDUS publie cette information telle qu'il l'a reçue, dans la langue dans laquelle elle a été soumise aux responsables du congrès.

Lundi 17 novembre 2025

Consultation des affiches 1 (10 h 30–11 h)

P1 : Mentoring with a Rural Lens

Candice Sutterfield, Lakeland Centre for Fetal Alcohol Spectrum Disorder

P2 : Point de vue des personnes présentant un trouble concomitant sur les services offerts à leur membre de l'entourage

Karine Gaudreault, Université de Sherbrooke

P3 : Cannabis and Driving: A Repeat Cross-sectional Analysis of Driving after Cannabis Use Pre vs. Post Legalization of Recreational Cannabis in Canada

Ava Kucera, Université de Waterloo

P4 : The Demographic, Socio-economic, Health and Substance Use Factors Associated with Smoking Cigarettes Among Adults in Canada

Ryan Iverson, Santé Canada

P5 : Supporting First Nations–Led Solutions to the Toxic Drug Supply Crisis through Systems and Journey Mapping

Lisa Elford, Habitus Collective

P6 : The Weight of Stigma: Examining the Impact of Addiction-Related Prejudice on Public Perceptions of Illicit Substance Decriminalization in Canada

Emma Summersby, Université Saint Mary's

P7 : Leading Change for Social Justice in Quebec, Canada: The Fundamental Role Played by People with Lived and Living Experience of Substance Use Working in Harm Reduction Organizations

Antoine Bertrand-Deschênes, Université de Montréal

P8 : Findings from the 2023 Harm Reduction Client Survey Related to British Columbia's Decriminalization Policy

O. Kara Loewen, Agence de la santé publique du Canada

P9 : The Role of the Human–Canine Bond in Recovery from Substance Use Disorder: A Scoping Review and Narrative Synthesis

Colleen Dell, Université de la Saskatchewan

P10 : On the Nature of Functional and Neurocognitive Recovery in Substance Use Disorder

Tyler Brown, Université de Toronto

P11 : Peer Navigators: Paving the Way

Chelsea Carr, CUPS Calgary

P12 : Innovative Approaches to Reducing Overdose Mortality in Alberta's Correctional System

Kym Kaufmann, Recovery Excellence

Lundi 17 novembre 2025

Consultation des affiches 2 (13 h–13 h 30)

P1 : Empowering Girls' Voices: Reducing Substance Use and Enhancing Mental Health Support in Southern New Brunswick High Schools

Brittany Ewart, Sophia Recovery Centre

P2 : Antipsychotic Use Patterns and Associated Factors in Substance-Induced Psychosis

Jeyaniroshan Jeyapalan, Université de Turku

P3 : Alberta's Virtual Opioid Dependency Program: Remodelling Opioid Agonist Treatment Virtually, through Partnerships and Innovation

J Stryder ZoBell, Services de santé de l'Alberta

P4 : Cannabis as a Component of Alcohol Harm Reduction

Programs: Implementation Models and Challenges

Beatriz Scanduzzi, Institut canadien de recherche sur l'usage de substances, Université de Victoria

P5 : Substance Abuse Treatment Services for the Underserved — Justice-Involved Youth with Fetal Alcohol Syndrome Disorder

Leah Sholdra, Starfish Program

P6 : Comment des personnes ayant à la fois un problème de consommation de substance et ayant été victime d'un acte criminel expliquent le début de leur consommation

Francine Ferland, Centre intégré universitaire de santé et de services sociaux de la Capitale-Nationale / Chaudière-Appalaches

P7 : Municipal Innovations in Data-Driven Drug Poisoning Deployment

Chelsey Anseeuw, Ville d'Edmonton

P8 : Unmeasurable Outcomes: Concentricity of Knowledge Mobilization

Joanne Marshall-Forgie, ENSEMBLE Greater/Grand Moncton

P9 : Experiences of Stigma and Opioid Prescribing for People with Opioid Use Disorder Requiring Palliative Care: A Multi-Setting Qualitative Study

Lisa Boucher, Institut de recherche Santé Bruyère

P10 : Beyond Safe Equipment: A Harm Reduction Educational Program

Amanda Moore, Direction 180

P11 : Identifying Key Service Elements, Assessing Barriers to Use, and Evaluating the Appropriateness of Overdose Response Hotlines and Applications

Monty Ghosh, Université de l'Alberta / Université de Calgary

P12 : Implications and Perspectives of "Effectiveness of Involuntary Treatment for Individuals with Substance Use Disorders: A Systematic Review"

Anees Bahji, Université de Calgary

Lundi 17 novembre 2025

Consultation des affiches 3 (15 h–15 h 30)

P1 : Pathways to Quality Care: A Collaborative Conversation

Nikita Rewari, Commission de la santé mentale du Canada

P2 : Cannabis Use During Pregnancy and Chestfeeding: Understanding Perceptions, Behaviours, Knowledge Gaps and Public Health Implications

Justine Renard, Centre canadien sur les dépendances et l'usage de substances

P3 : Influences on Perinatal Alcohol Use

Nancy Poole, Centre d'excellence pour la santé des femmes

P4 : The Framing of Substance Use as a Moral Failure and Its Impact on Service Access in Saskatoon, SK: A Qualitative Study

Maggie Coupland, Université de la Saskatchewan

P5 : Adapting Supervised Consumption Services for People Who Use Drugs in Acute Care Hospital Settings in Nova Scotia: Protocol for the Safe Harbours Study

Thomas Brothers, Université Dalhousie et Santé Nouvelle-Écosse

P6 : Virtual Youth Substance Use Interventions: A Scoping Review of Literature

Geoffrey Maina, Université de la Saskatchewan

P7 : A Peer Support Centric Model for Program Delivery at a Women's Recovery Centre

Aisha Kindred, Sophia Recovery Centre

P8 : What Is the Ideal Time to Begin Tapering Opioid Agonist Treatment? A Retrospective Population-Based Comparative Effectiveness Study in British Columbia, Canada

Mia Yan, Centre for Advancing Health Outcomes

P9 : Comparative Effectiveness of Missed Dose Protocols of Opioid Agonist Treatment in British Columbia, Canada: A Target Trial Emulation with Population-Based Administrative Data

Momenul Haque Mondol, Université de la Colombie-Britannique

P10 : The Impact of Availability of Alcohol on Police, Emergency and Health Services in Northwestern Health Unit Catchment Area

Randi Casey, Bureau de santé du Nord-Ouest

P11 : Evaluation of a Vaping Prevention Program Among Youth Aged 11–12 in Prince Edward Island

Julia Hartley, Association pulmonaire de la Nouvelle-Écosse et de l'Île-du-Prince-Édouard

P12 : The Power of Words: Dispelling Stigma

Mélissa Joseph, Centre canadien sur les dépendances et l'usage de substances

Mardi 18 novembre 2025

Consultation des affiches 4 (10 h 30–11 h 00)

P1 : Mode Matters: Exploring the Acute Health Effects of Cannabis by Mode of Use

Rachael MacDonald-Spracklin, Institut de recherche Santé Bruyère

P2: Point de vue des membres de l'entourage quant à l'utilisation du concept de la proche aidance en contexte de dépendance

Mélissa Côté, Université Laval

P3 : A Scoping Review of the Biopsychosocial and Structural Factors Contributing to Youth Substance Use Initiation

Kathryn Dalton, Université Memorial de Terre-Neuve

P4 : Buprenorphine-XR (Sublocade) in High-Risk Individuals with Extreme Opioid Tolerance: Three Case Studies

Imran Ghauri, Programme virtuel de dépendance aux opioïdes – Recovery Alberta, CORE

P5 : La dépendance à la télévision arrive-t-elle seule ou en concomitance avec d'autres types d'utilisation des écrans?

Francine Ferland, Centre intégré universitaire de santé et de services sociaux de la Capitale-Nationale / Chaudière-Appalaches

P6 : Developing a Personalized Assessment Tool with Youth and for Youth

Marcella Ogenchuk, Faculté des soins infirmiers, Université de la Saskatchewan

P7 : Making National Consensus Guidelines Locally Relevant: A Multidisciplinary Approach

Chera Clements, Santé Nouvelle-Écosse

P8 : Adapting the Parent Café Model to Support Youth Substance Use Prevention

Jennifer Donnan, Université Memorial

P9 : Antipsychotic Use Patterns and Associated Factors in Substance-Induced Psychosis: Insights from a Nationwide Register-Linkage Study

Jeyaniroshan Jeyapalan, Université de Turku, Finlande

P10 : Successes and Learnings in Delivering Hepatitis C Treatment to the Sidelined 2% of Citizens

Jason Alternberg, Centre Dr. Peter

P11 : Hip Hooray! Redesigning Orders to Keep Opioid Risks at Bay in Joint Surgery

Leland Sommer, Autorité sanitaire de la Saskatchewan

P12: Transforming mental health, substance use health, addictions, and supported housing services through voluntary integration

Mary Bartram, Rideauwood Addiction and Family Services

Mardi 18 novembre 2025

Consultation des affiches 5 (13 h–13 h 30)

P1 : Chronic disease diagnoses and health service use among people who died of illicit drug toxicity in British Columbia, Canada

Beth Haywood, Island Health

P2 : Scaling Up Overdose Prevention Strategies in Montreal

Antoine Bertrand-Deschênes, Université de Montréal

P3 : Youth Cannabis Use in Canada Post-Legalization: Recommendations from Youth, Parents and Service Providers

Toula Kourgiantakis, Université Laval

P4 : How Do Canadians Feel about Cannabis Regulatory Policies? Levels of Support and Consumer Perceptions of Cannabis Regulations in Canada

Anastasia Marquette, Université de Waterloo

P5 : Reducing Cannabis Use in Individuals with First Episode Psychosis and Cannabis Use Disorder Using iCanChange, an App-Based Psychological Intervention: Pilot Trial Feasibility Outcomes

Selim Abou-Rahal, Centre de recherche du Centre hospitalier de l'Université de Montréal

P6 : High Risk, Low Help: Addressing Help-Seeking Barriers Among Young Men Who Use Cannabis

Madison Hunt, Université Carleton

**P7 : Examining Factors Related to Cannabis Consumers
Perceptions of Healthcare Provider Stigma**

Ashley Hosker-Field, Humber Polytechnic

**P8 : Education Impact on Healthcare Providers' Attitudes,
Knowledge and Beliefs Related to Perinatal Substance Use**

Kristen Gulbransen, Red Deer Polytech

**P9 : L'évolution des besoins des membres de l'entourage :
Perspectives de l'entourage de personnes présentant un trouble
psychotique et un trouble lié à l'usage de substances**

Kim Laflamme, Université de Sherbrooke

**P10 : Peer Support as a Practice: Improving Client Engagement and
Treatment Outcomes Workshop**

Lindsay Civiero, spécialiste canadienne certifiée en soutien entre pairs, spécialiste
indépendante du soutien entre pairs, éducatrice sur le savoir expérientiel

**P11 : Understanding Youth Substance Use: Teachers' Perspectives
on Biopsychosocial Influences and Support Strategies**

Kathryn Dalton, Université Memorial de Terre-Neuve

**P12 : Undiagnosed Symptoms of Depression among Residents of an
Inner City, Low-Income Neighbourhood in Vancouver and Relation
to the Use of Psychoactive Substances**

Riya Sharma, Centre d'excellence de la Colombie-Britannique

Mardi 18 novembre 2025

Consultation des affiches 6 (15 h–15 h 30)

**P1 : Building Relationships, Not Walls; The Role Harm Reduction
Plays in Youth Homes**

Monica Stoneham, Prairie Harm Reduction

**P2 : Policy Making in Times of Crisis: The Multiple
Implementations of BC's Safer Supply Intervention**

Daniel Gudiño, Institut canadien de recherche sur l'usage de substances

**P3 : The Use of Measurement-Based Care in a Concurrent Mood,
Anxiety and Addictions Treatment Program: A Review of Program-
Level and National Outcomes**

Emily Rossi, Homewood Health Inc.

P4 : Exploring the Literature: Preliminary Results from an Intersectional Scoping Review About the Healthcare Experiences of Women Who Use Drugs

Marjan Kekanovich, Université Queen's

P5 : affiche retirée

P6 : Exploring Virtual Solutions for Substance Use Treatment: Accessibility, Benefits and Excellence

Crystal Bell, Edgewood Health Network Canada

P7 : Advancing a Coordinated Pathway to Child and Youth Mental Health and Substance Use Health Care

Amanda Davis, Institut du savoir sur la santé mentale et les dépendances chez les enfants et les jeunes

P8 : Cannabis Use and Problematic Internet use in Quebec (Canada): A Cross-Sectional Study

Natalia Muñoz Gómez, Université de Sherbrooke

P9 : Reducing the Harms of Cannabis Use in Youth Post-Legalization: Insights from Ontario Youth, Parents and Service Providers

Toula Kourgiantakis, Université Laval

P10 : Perinatal Substance Use Education: Interdisciplinary, Interactive and Inspired by Research

Kristen Gulbransen, Red Deer Polytech

P11 : National Polling Results on the Substance Use Health and Gambling Use of Canadians

Sheldon Mellis, Recherche en santé mentale Canada

P12 : Shaping the Narrative: Public-Facing Media Communications, Misinformation, and the Potential Impact on Public Perceptions of Decriminalization in British Columbia

Jordan Mende-Gibson, Centre de toxicomanie et de santé mentale

Mercredi 19 novembre 2025

Consultation des affiches 7 (10 h 30–11 h)

P1 : Il faut un village : approche collective pour implanter des programmes de prévention en matière de substances psychoactives en milieu scolaire

Marie-Claude Sauvé, Cumulus

P2 : Addressing Prenatal Cannabis Use: Intervention Strategies Across Professional Specializations

José Ignacio Nazif-Muñoz, Service sur les dépendances, Université de Sherbrooke

P3 : Lessons Learned from Medico-Legal Cases: Ways to Improve Care and Outcomes for Opioids Use Disorder

Gary Garber, Association canadienne de protection médicale

P4 : Reunification Is Harm Reduction: Role of Harm Reduction Supports to Return Children in Care Home

Kayla DeMong, Prairie Harm Reduction

P5 : Transforming Health Care Access: Empowering Vulnerable Populations through Collaborative Care

Chase O'Halloran, Adventure Group

P6 : A Substance Use Health Lens in Thunder Bay

Stephanie Diebolt, Bureau de santé du district de Thunder Bay

P7 : Training Mental Health and Addictions Clinicians in the Treatment of Substance Use and Gambling Disorders

Heather Durdle, Santé Nouvelle-Écosse

P8 : Adolescent Academic Performance Associated with Cannabis Use: Is It Drug Use or Other Life Factors?

Candice Crocker, Université Dalhousie

P9 : Putting the Capital in Recovery Capital: Exploring the Potential Impacts of a Canadian Universal Basic Income for People Who Use Drugs

Maryellen Gibson, Université de la Saskatchewan

P10 : Understanding the factors that contribute to cannabis use in pregnancy and chestfeeding: A scoping review

Justine Renard, Centre canadien sur les dépendances et l'usage de substances

P11 : Non-judiciarisation de la possession de drogues au Québec

Julie-Soleil Meeson, Association des intervenants en dépendance du Québec

Mercredi 19 novembre 2025

Consultation des affiches 8 (13 h–13 h 30)

P1 : Utilizing Social Return on Investment Evaluation in a Supervised Consumption Site

Linzi Williamson, Université de la Saskatchewan

P2 : New Mental Health Services on Reserve with Crisis Services — Allyship Model

Andrew Volk, Université de l'Alberta

P3 : Stigmatization and Harm Reduction Services: Frontline Worker Perspective and Literature Insights — A First Step Toward Better Understanding How to Improve Service Trajectories

Camille Sabella-Garnier, Université de Sherbrooke

P4 : Behind the Screen: An Analysis of Stigmatizing Substance-Related Discussions on Canadian Subreddits

Tanisse Epp, CAPSA, Université Carleton

P5 : Reprioritizing Tobacco Cessation Access in NWT Communities

Kandola Kami, gouvernement des Territoires du Nord-Ouest

P6 : Beyond the Struggle: Partnering with Caregivers to Revitalize Youth Treatment

Jennifer Bingley, Institut Pine River

P7 : Transforming University Culture: Implementing Harm Reduction, Trauma-Informed Approaches and Restorative Practices to Support First-Year Students

Laara Richardson, Université Saint-Francis-Xavier

P8 : Le paradoxe français dans la crise des surdoses montre l'importance de mettre en œuvre des réponses adaptées au contexte socioculturel local

Guillaume Tremblay, PROFAN 2.0

P9 : Developing Clinical Care Pathways for Substance Use and Gambling Disorders in Public Mental Health Care

Heather Durdle, Santé Nouvelle-Écosse

P10 : “Ease up on us a little”: Barriers to Syphilis Testing Among Un(der)housed Individuals and People Who Use Drugs in Kingston, Ontario

Duy Dinh, Département des services de la santé publique, Université Queen's

P11 : National Trauma and Violence-Informed Mentorship Project: Results and Lessons Learned

Jason Alternberg, Centre Dr. Peter

Mercredi 19 novembre 2025

Consultation des affiches 9 (14 h 30–15 h)

P1 : Consommation de substances psychoactives des élèves du sport-études au Québec : Influences de l'identité de genre sur les profils de consommation et la satisfaction face aux services

Kassandra Laroche, Université de Sherbrooke

P2 : Party and Play: Emerging Trends in Substance Use and Sexual Health Interventions

Andrew Thomas, Projet PnP

P3 : The Masks We Wear: A unique Art Therapy Approach as Part of a Holistic Treatment for Youth with Addiction and Mental Health Issues

Karin Archer, Institut Pine River
